FINAL REPORT – Q3 2018 14.2

Dear Ms. Sheldon,

Thank you for the generous contribution of a [REDACTED] grant award to support two educational performances of *The Phantom Tollbooth* at the Mount Baker Theatre. With your support, on May 8, 2019, we were able to introduce a total of 1,187 students, educators, and families to the play based on the beloved classic book by Norton Juster. Together with Milo, the boy “who didn’t know what to do with himself,” the audience traveled through *The Phantom Tollbooth* to discover the delights of friendship, curiosity, perseverance, and knowledge—and that life is filled with endless possibilities.

Mount Baker Theatre provides arts, entertainment, and social interaction through a wide variety of programs for diverse audiences in the region, and preserves the historic nonprofit Theatre as a home for local performing arts organizations and a venue for touring performers and community events.

This funding helped fulfill our mission of enriching the community through a vibrant historic Mount Baker Theatre by bringing a very diverse audience to see *The Phantom Tollbooth*—diverse ethnically, racially, by socioeconomic level, and geographically. In addition to the 1,187 children, teachers, and chaperones who attended the performances directly supported by the grant from Tulalip Tribes Charitable Fund, this support impacts all of Mount Baker Theatre’s programming.

In the last fiscal year, attendance at events at Mount Baker Theatre was more than 110,000, and we currently have about 250 active volunteers. More information about Mount Baker Theatre is at www.mountbakertheatre.com including details about past and upcoming performances.

Thank you for supporting the future of the Theatre!

Sincerely,

John R. Purdie II
Development Director
