Tulalip Tribes Grant Report

From Warm Beach Camp

The Tulalip Tribes graciously granted Warm Beach Camp ██████ in 2020 to provide a horsemanship experience for Tribal youth, but because of internal challenges, we were unable to use the money. In December of 2022, The Tulalip Tribes approved Warm Beach Camp to revise the use of these dollars to include hosting an event for a Tribal community group.

In the fall of 2023, Warm Beach Camp partnered with Quil Ceda Elementary School to present Building Successful Learning Communities to all fifth graders. Building Successful Learning Communities uses team building to extrapolate from the students the characteristics and attributes they want their class to be defined so they can be a thriving learning community.

Three Warm Beach Camp facilitators and Quil Ceda school staff contributed to the day's instruction. The teachers loved the day format, one class at a time over a three-week period. Each class was broken into three small groups. By the end of the day's instruction, each small group had presented their Class Learning Agreement for the year. The day also included Tribal dance, lunch, dinner, and smores. Seventy-eight students and teachers participated. The grant covered all but \$589.18, which Quil Ceda Elementary graciously paid. Quil Ceda's hopes to bring all fifth graders back to Warm Beach Camp for the same experience in 2024.

Warm Beach Camp was honored to be a part of this important day. Thank you for making this partnership possible and for the many ways you make our community better.
